Transport and Travel

Ashford benefits from an unrivalled location in the UK. Sitting on the key transport gateway between continental Europe, London and the rest of the UK, it is perfectly placed to offer a choice of transport links

The town already enjoys excellent rail, road, air and sea connections, with the 37 minute high speed rail service to London St Pancras making a huge impression on Ashford's viability as both a businesses location and commuter base.

There is also a multi-million pound investment programme, including substantial Government funding, for the town's road infrastructure that will improve access and routes across Ashford.

Ashford's Future's is committed to a transport plan that provides sustainable transport for all, and works closely with Kent County Council and the Highways Agency to co-ordinated key transport and development projects, including:

- [Victoria Way link road](#)
- [New M20 junction 10a](#)
- [M20 Junction 9 and Drivers Roundabout](#)
- [Shared Space](#)
- [Improvements to Ashford International Station](#)

- [SmartLink](#)

For further information please [email Andrew Phillips](#) Sustainable Transport Manager.
